PREPOSITIONS

Purpose: Upon completion of this activity, students will be familiar with common English prepositions and will be able to identify prepositional phrases in sentences. This DLA should take approximately 30 to 45 minutes to complete.

1. Go to the WRC’s reception desk and check out *The Little, Brown Handbook* (hardback). You will need a student ID card or driver’s license to check this book out for use in the lab.

2. Turn to the section covering the definition of prepositional phrases and read this section. Use the index to help you.

3. Complete the two exercises that follow the reading on a separate sheet of paper.

4. Take this sheet, the book, and your completed exercises to a tutor or an instructor on duty. Review your answers with that person, and be sure to ask any questions you have about prepositions or prepositional phrases.
